Attention Members & Breastfeeding Advocates -

Please plan to join us for the fourth meeting of the West Virginia Breastfeeding Alliance, Tuesday, November 17, 2009! If you were unable to attend our other meetings, please consider joining us now. If you haven't had a chance to join WVBA yet, registration forms can be printed from the website at: www.wvbfa.com.

We encourage any and all breastfeeding advocates to become involved with WVBA. We have some wonderful beginnings in West Virginia so far and it is imperative for us all to come together to develop ways that we can work collaboratively to improve breastfeeding rates in and around our state. If you are a breastfeeding mom (*past or present*), a clinical worker, a nurse, a physician, a student, a politician, a statewide or community agency, or even a citizen concerned about improving the health of our state; please plan to join us!
